GES8+™ Series Gas Extraction Suits w/Escape Strap

Features

- The GES8+™ Series gas extraction suit kit features a 3-layer balaclava, coverall with escape strap, and kit bag. It is the perfect solution to keep you safe when you are working near gas lines or anywhere there is a risk from a prolonged flash fire. The suit allows the worker at least 8 seconds of time to get away from the fire to safety.
- A 10′ long Kevlar® strap capable of lifting up to 3500 lbs. is permanently affixed to the coveralls to aid in an all-in-one solution for communication or rescue.
- Smooth moisture absorbing inner layer provides added comfort in hot conditions while easing the process of donning and doffing.
- Suit comes equipped with a brass front zipper with Velcro® closure.
- The back of the suit has an elastic waist which creates a comfortable fit and the legs have a Velcro® closure to prevent flame entry.
- Additional features include knit cuffs with thumb holes on sleeves, brass leg zippers with fabric backing, reinforced knees, and hi-vis suspender style tape.
- Made in the USA
