

GES8+™ Series Gas Extraction Suits

Features

- The GES8+™ Series gas extraction suit kit features a 3-layer balaclava, coverall, and kit bag. It is the perfect solution to keep you safe when you are working near gas lines or anywhere there is a risk from a prolonged flash fire. The suit allows the worker at least 8 seconds of time to get away from the fire to safety.
- Smooth moisture absorbing inner layer provides added comfort in hot conditions while easing the process of donning and doffing.
- Suit comes equipped with a brass front zipper with Velcro® closure and a harness port located in the center of the back.
- The back of the suit has an elastic waist which creates a comfortable fit and the legs have a Velcro® closure to prevent flame entry.
- Additional features include knit cuffs with thumb holes on sleeves, brass leg zippers with fabric backing, reinforced knees, and hi-vis suspender style tape.
- Made in the USA
