

FACE-FIT[®] CLEAR CHEMICAL RESISTANT FACE SHIELD

Meets ANSI Z87.1

Made in the USA

- The face shield incorporates a chemical & paint resistant coating.
- Protecting against most acids, bases and solvents (except Hydroflouric acid). Chemicals and wet paint will wipe clean, leaving the shield clear.
- Clear vision shield window has a 20% larger viewing area when compared to standard window sizes.
- Made from a heat resistant polycarbonate for maximum strength and long lasting durability.
- Soft headgear mold conforms to the shape of the head to eliminate possible pinch points.
